VISION

The vision of the West Moberly First Nations Education Department is: “Lifelong learning”

OBJECTIVES

The objective of the Post-Secondary Student Support Policy (PSSSP) is to provide financial and advisory support to West Moberly First Nations membership to achieve their education goals.

GENERAL INFORMATION

Historically, (ISC) Indigenous Services Canada (formerly INAC -Indian and Northern Affairs Canada and AANDC Aboriginal Affairs and Northern Development Canada) administered the Post-Secondary Student Support Program since inception (1968). AANDC transferred delivery of this program to First Nations in the late 1970’s.

West Moberly First Nations (WMFN) has been providing support to its membership to access post-secondary education for many years. WMFN continues to negotiate agreements with the oil and gas, mining, and other industries to benefit both organizations. WMFN has identified Education as one of its priorities for industry to financially support. WMFN has several agreements that provide additional monies to the PSSSP budget and are administered through the Employment, Trades, and Career Training (ETCT) Policy. Therefore, WMFN is not solely reliant on ISC funding, which is the norm for many other First Nations.

This policy is a living document subject to revision as the requirements of the membership changes. This policy will be reviewed periodically by the Education Manager and Chief and Council to ensure that the needs of the members are being met in an equitable and unbiased manner. Suggestions by WMFN members to improve the effectiveness of this policy are welcome and encouraged.

PROGRAM INFORMATION

1. FUNDING AVAILABILITY

Financial sponsorship of the educational programs discussed in this policy is entirely dependent upon the availability of funding from ISC for the Post-Secondary Student Support Program and the University and College Entrance Preparation Program. Such support will be provided within the limits of the WMFN financial resources received annually for the purposes described in this document.

2. ELIGIBLE APPLICANTS

To be eligible to receive Post-Secondary Student Support or University and College Entrance Preparation Program, an applicant must:

- a) Be a registered First Nation Member.
- b) Have been a resident in Canada for twelve consecutive months prior to the date of application.
 - 1) Exemptions to the 12-month residency requirement:
 - i) Students who are normally resident in Canada but who for the purpose of attaining post-secondary education (whether through PSSSP, through another funding program, or at their own expense) have been living outside of Canada for all or part of the year prior to the application for support. For students attending these post-secondary institutions outside Canada, the residency requirement applies only to their first year of studies.
 - ii) Employees of the federal or provincial governments appointed to foreign posts and the dependent children who accompany the employees abroad.
 - iii) Students who, under the authority of provincial or territorial child welfare legislation, were placed outside of Canada in a foster home, an institution (for example, a group home), or through an adoption and have returned to Canada.
- c) Be in Good Financial Standing with West Moberly First Nations as defined by the WMFN Interpretation Policy. If the debt to WMFN is due to a previous education funding default, the Education Manager will review such circumstances to ensure the applicant's probable success.
- d) Have been accepted into an eligible educational institution and program as defined in Section 3 & 4 of this policy.
- e) Maintain satisfactory academic standing within that institution (as per the institution's definition of satisfactory academic standing).
- f) UCEPP students must also obtain from the post-secondary institution offering the program a statement that attests the UCEPP program will provide the student with the necessary courses to attain the academic level for university or college entrance and that the student will be eligible to be accepted as a student at a regular university or college credit program upon successful completion of the UCEPP course of studies.

3. ELIGIBLE INSTITUTIONS

Eligible post-secondary institutions are degree, diploma, or certificate granting institutions that are:

- a) Recognized by a province or territory (in Canada or abroad).
- or
- b) Educational institutions recognized to deliver post-secondary programs by arrangement with an eligible post-secondary institution.

If the program of studies is in a foreign institution, the student must provide evidence that it is recognized in Canada as an acceptable post-secondary program of studies.

Links to lists of eligible Canadian and International institutions are included in Appendix B

If the institution does not have the necessary criteria, the student must include in their application a letter regarding why they wish to attend that particular institution. The Education Manager will either apply through the ISC process to have the institution accepted for sponsorship or refer the WMFN applicant to the ETCT sponsorship policy. (The decision of which strategy to pursue will depend on the expectations of ISC approval and be at the discretion of the Education Manager.)

4. ELIGIBLE PROGRAMS

Under the PSSSP and UCEPP, eligible programs must:

- a) Be offered by eligible institutions as defined in Section 3 of this document.
- b) Require Grade 12 (or equivalent).
- c) UCEPP programs must provide the student with the necessary courses to attain the academic level for university or college entrance.

Delivery method may be in-classroom, e-learning, distance learning, or virtual learning as long as it meets all eligibility criteria.

5. ELIGIBLE SPONSORSHIP COSTS

a) Eligible costs for WMFN sponsorship consideration include:

- Tuition and other mandatory student fees
- Required books
- Required supplies and/or materials as listed in course calendar/description
- Official transcript fees
- Living Allowance for full-time studies
- Tutoring
- Emergency travel expenses
- Student relocation travel expenses

b) **Application and pre-enrollment fees**

Applicants typically apply to more than one education institution and may be charged fees for each application. Generally, these *application fees* are not eligible for sponsorship by the PSSSP program because most such expenses occur prior to the applicant's approval for sponsorship.

However, an application fee or other mandatory fees charged by an educational institution where an applicant is later granted formal admission is eligible for reimbursement under this program. Such a fee will be considered a payment made in advance by the sponsored student toward their mandatory student fees. Once an applicant has been formally accepted to an educational institution, a receipt issued by that institution for this fee may be submitted to the WMFN Education Manager for reimbursement.

c) **Tuition and other mandatory student fees**

- 1) Eligible costs include actual tuition costs and mandatory fees from the educational institution or organization
- 2) Applicants who attend an eligible private educational institution or organization will be eligible for sponsorship of tuition costs and mandatory student fees; however, such sponsorship will not exceed the cost of tuition and mandatory fees charged for a comparable program at an eligible public educational institution or organization located in the province or region in which the applicant normally resides.

d) **Required books, supplies and/or materials**

Eligible costs include books, supplies and/or materials that are required for the program. Optional books and general school supplies (pens, paper, backpack, binders etc.) are the responsibility of the student.

e) Living allowance

Living allowances are expected to cover normal daily living expenditures such as food, lodging, and local travel. Living allowances are not expected to cover personal debts incurred prior or during attendance at post-secondary institutions. This includes, but is not limited to, credit card payments, vehicle loans, personal debts, bank loans or business loans.

Only applicants accepted as *full-time students* for eligible PSSSP programs are eligible for living allowance support.

Living allowance rates

- 1) Living allowances will normally be direct deposited to student bank account on the first of the month. However, when this is not possible, the Education Manager will arrange for a cheque to be issued to the student for the period in which direct deposit to their bank account is not possible.
- 2) If a student begins or ends a program part way through a month, the part of their living allowance that is not allocated for accommodation will be pro-rated.
- 3) If UCEPP students are not maintaining attendance requirements as defined by the institution, the part of their living allowance that is not allocated for accommodation will be pro-rated.
- 4) The living allowance rates are calculated using the Canada Student Loan (CSL) rates which are periodically updated. WMFN living allowance rates will be reviewed annually (see Appendix A).
- 5) Advances are not available except in the event of emergency travel as outlined in section 5.
- 6) Qualifying criteria for eligible Dependents are outlined in the Definitions section of this policy. Requirements for notification of change in status of dependents is outlined in Section 16.
- 7) Social Assistance: Students receiving funding from the PSSSP or UCEPP must declare support received from this program as a source of income if applying for social assistance. All applications will be cross-referenced with the WMFN Social Assistance Department to avoid duplicate funding. If an applicant received social assistance for the month that they are applying for a living allowance, the amount sponsored through the PSSSP or UCEPP program will not exceed the difference between the sponsored living allowance and the amounts received from the Social Assistance Department. Furthermore, an applicant cannot receive the dependent amount if they are also receiving Social Assistance or Guardian Finance Aid (GFA).

f) Tutoring

Tutoring assistance may be available if a student feels that they require tutoring to be successful in their studies. The student must receive permission from the Education Manager to employ the services of a tutor and all costs must be pre-approved by the Education Manager. Upon approval, a student must submit a copy of the tutoring contract to the Education Manager and arrange for the tutor to forward all tutoring invoices to the WMFN Education Manager for payment. Sponsored tutoring costs per student may not exceed \$600 per semester.

g) Travel Expenses

1) Student Relocation Travel

The following support for student relocation travel expenses is available full-time students attending an PSSSP program funded under this policy:

Reimbursement for the actual cost of one return trip to the eligible student's permanent place of residence from the enrolling institution for every 16 weeks of full-time studies (not more than two round trips per academic year) for the student. Additional costs for transporting a student's dependents are eligible for reimbursement, provided those dependents accompany the student on the sponsored trips. Where a program qualifies for reimbursement of two round trips during an academic year, one of these may be applied to holiday travel costs between an eligible student's place of study and their permanent place of residence, as long as this occurs during a semester break of sufficient duration.

Students must submit original receipts to the Education Manager within a month of returning to school following the eligible trip. If receipts are not submitted within this timeframe, the student will not be eligible for reimbursement.

Note: Daily travel costs between a student's residence and the institution delivering their PSSSP program are considered normal cost of living expenses and will be included in student's budget calculation for their PSSSP funding application. However, for those students who do not qualify for living allowance funding, applications for the support of such daily travel expenses may be considered at the discretion of the Education Manager if a student's access to their PSSSP funded program would be prevented without such assistance.

2) Travel for Required Exams

Students taking classes through distance education or e-learning who are *required* to travel to another location to complete their required exams are eligible for travel support. However, modifications such as taking the exam in the local school under the supervision of a teacher or school principal should be first examined to minimize travel costs.

3) Emergency Travel

Financial assistance may be available to students for costs related to emergency situations. Emergency situations which may be eligible for assistance include circumstances in which a student or their immediate family has been affected by bereavement, life-threatening or incapacitating accidents, or illness or a General Emergency.

Applications for emergency travel funding must be made to the Education Manager by email, mail, or fax, by the affected student or someone acting on their behalf. If a written request is not practical due to urgency associated with the emergency or a temporary lack of access to written communication services, the Education Manager may accept a request for emergency travel by phone, provided the identity of the eligible student involved in the emergency can be verified. A written copy of the request must be forwarded to the Education Manager as soon as possible.

Subject to approval by the Education Manager, advances may be given for emergency travel. Recipients must submit original travel receipts to the Education Manager within one month of resuming their funded program or within one month of withdrawing from it, if that occurs.

If receipts are not submitted, the amount allocated will be deducted from the next living allowance installment. If there are no installments scheduled, the amount allocated will be considered Accounts Payable to WMFN and subject to the Good Financial Standing policy.

4) Eligible Travel Costs:

Sponsored students and their dependents may receive assistance for: bus fare, airfare, ferry fare, and/or other approved methods of transportation associated with eligible travel. Gasoline expenses resulting from the use of a personal vehicle may also be an eligible expense for such travel. Total travel costs may not exceed the *most reasonable and economical* method of travel available.

The total funding available for eligible travel costs per fiscal year may not exceed a maximum amount established by Council and the Education Department when the annual WMFN Education Department budget is approved. No other monies will be available to students for this purpose once this fund has been expended. A notice will be sent to all PSSSP sponsored students when the fund for the current fiscal year has been depleted and any future travel costs incurred by the student will be the responsibility of the student.

6. SPONSORSHIP PRIORITIES

- First Priority WMFN members who are continuing full-time PSSSP or UCEPP sponsored students or who are returning for the next portion of their program requirements for certification (e.g. following a co-op or required internship).
- Students must have maintained Good Academic Standing during the previous term or terms of their program. If a student's grade transcripts are not available when their funding application is reviewed, a written confirmation from the associated program director verifying that they have maintained Good Academic Standing will suffice.
- Second Priority WMFN members who have graduated from high school with a Dogwood Diploma in the last 2 academic years
- Third Priority WMFN members who are continuing full-time students who have not been previously sponsored by WMFN and have maintained Good Academic Standing in the previous semester or previous two semesters where applicable

- Eighth Priority WMFN members who have not been in the workforce on a continuous basis
- Ninth Priority WMFN members who have previously been funded by PSSSP but did not complete their program

After all previous priorities have been considered and only when there is available funding through ISC, applications from the tenth and eleventh priority will be considered. Furthermore, all such applications will be presented to Chief and Council for approval.

Priority for determining these applications will be applicants who are entering a field that will assist with WMFN capacity.

For UCEPP students, the maximum time limit for financial support will be two academic years (as defined by the institution offering the program) or in the case of part-time students, the equivalent of two academic years or a maximum of 24 months. At the end of each term (or part of the academic year, as defined by the institution offering the program), continued financial support will be subject to receipt of a statement from the institution confirming the successful completion of the first term.

10. PSSSP PROGRAM EXTENSIONS

Students may receive funding for up to one additional year to extend their qualifications within their chosen field of study. This request must be made to the Education Manager in writing by mail, fax or email in accordance with PSSSP Program application requirements outlined in this policy.

This request must include a written recommendation from the Program Administrator, Dean, or Department Head of the student's program. Requests will be approved at the discretion of the Education Manager based on available funding and prior student success in the sponsored program.

An applicant who qualifies to be considered for a program extension according to the above criteria will be evaluated as a First Priority candidate, providing that the requested term occurs immediately following the final scheduled term of their sponsored program. Otherwise, they will be evaluated as detailed in Seventh and Eighth priorities in Section 6, Sponsorship Priorities.

11. DISTRIBUTION OF PSSSP FUNDS ON BEHALF OF APPROVED APPLICANTS

Tuition, books, and other mandatory student fees for PSSSP Program approved applicants will normally be paid directly to the education institution in which the student is enrolled. However, if there are compelling reasons why an approved applicant must pay such fees themselves or via a third party sponsor, they may request a reimbursement of that payment by submitting a written request to the Education Manager along with receipts and an explanation of the reasons involved. In such a case, the Education Manager will provide the student with a written reply to their request within ten working days of receiving it.
